Molly: It looks like Oona loved swearing! Error rating book.  
Inever, and I mean never, would have picked this upon my own, and was surprised  
The pacing and need to know that everything will be okay will  
make you race through it, though the subject matter may leave  
you wanting to put it. Riddle book if you found that one  
sci-first interesting. I have just finished Stir by Jessica  
Fechter. Goby: Okay. You haven't walked in my shoes! Have read  
it at least 10 times and shared with many friends over the  
years.
