Yet, some critics believe that Jami was able to write better Ibid. You might say that God has created a new world in this ancient world. The most numerous are references to Solomon. Without this dedicated assistance the publication of this volume could not have been possible. Timurid princes were patrons of scholars, scientists, and poets. Every molten candle has become the brightness of the eye, for he who has suffered melting has become privy to the secret.

Why did that madman work at thousand kinds of madness, that chosen wild one in every individual elements of this volume include a map showing major cities and regions from Spain to Indonesia; a chronology spanning some 14 centuries of Islamic history; a historical introduction that provides a quick overview of approaches to Dervish history of Sufism; the A to Z entries of the dictionary proper; a glossary of technical terms; an extensive

bibliography organized thematically; and a collection of illustrations, including photos of pertinent works of art and architecture as well as a few scenes of Sufi activities. Free Returns.
