When I started in beekeeping, I knew that the queen bees are responsible for laying eggs to maintain the force of worker bees. What I did is dividing in 2 boxes both with one-day eggs, larvae, capped brood, honey and queen cells.

Inalotofthepackagebees, thequeensarecomingupmissing, ordronelayers.

Why take the chance? Do a weekly inspection if possible to be on top of things like getting a nuc prepared. My hive consists of a deep box for brood, on top of that are 2 deep supers.
