Damage to the lungs, resulting in labored breathing. Slight fat cover on ribs.

If a hoof is left dry too long, the frog will shrink and the heel will contract. In a true horseman- ship is nothing but the combination of all the aids, and of all the effects, lateral or diagonal, which we have just mentioned. Glossary of Horse Terminology. The training of the horses is superior to any other duty in the squadron, and exempts the man from having to train recruits. This was done by combining complex movements to form a picture of flowing grace. A vertical line from the point of the shoulder should fall in the centers of the knee, cannon, pastern and foot.
