His teaching has been focused upon the use of accounting as a management technique while his research is interdisciplinary. In the literature a number of studies have sought to investigate the relationship between corporate governance mechanisms and performance e. Multinational corporations have sometimes even more power than governments in their influence, and stakeholders have gained more power through the media and public opinion in order to require some kind of specific behaviour from companies.

Corporate pioneer explores spirituality. Thus there is no dichotomy between environmental performance and financial performance and the two concepts conflate into one concern. Zurcher, E. Online courses must die!
