Mr G Callahan-Ferris rated it it was amazing Nov 12, Angela Kamara rated it really liked it May 12, ReturntoBookPage. A brilliant book to guide mums, dads, grandparents and carers through the troubled waters of GCSE maths - and to help you to help your teenager to feel confident and even enjoy it. I've found this an invaluable help when the children come to me for homework help and at first glance, I haven't a clue!
